SHACK

TRIBUNE

Tribune is an executive chair ideal for boardrooms and executive offices, designed to provide superior comfort and support.

Tribune has a powerful presence, with an elegant back, sturdy arms and premium upholstery. Tribune is available in a high or medium back and can be upholstered in leather or fabric, in one-or two-colour combinations of your choice.

Create a lasting impression with Tribune - stylish next-level comfort.

How can we make the perfect office chair?

Why is it that comfortable office chairs are so ugly, and beautiful office chairs so uncomfortable (and expensive)? Come on, it's the 21st Century. So we set out to do better. To make a beautiful looking task-oriented chair that provides total support through a long day at the office.

Refined German design

We began by asking acclaimed German industrial designer Stefan Brodbeck to work with us on creating an office chair that would rewrite the office chair rules. It should be great looking yet comfortable, and solid yet fun.

Made with love in South Africa

Then we asked our world class team here in South Africa - product development, manufacturing, marketing, logistics, quality control, environmental standards and everyone else involved - to manufacture it to the highest international standards.
