

TIME TO CH^{ANGE} THE GAME

The NEST is an informal meeting area designed for brief face to face discussions. The NEST is equipped with data points and charging stations for your power hungry smart devices. Our laptop tables make working comfortable and productive. To reduce voice and ambient sound intrusion the entire acoustic area is upholstered in hard wearing fabrics of your choice. The NEST is very conducive to informal but productive interactions.

GAME CHANGER™ | 3rd BASE

The NEST comes with options of power and data links for your smart devices. Now your power hungry equipment will remain fully charged throughout the meetings. Quick and easy access to the Internet is now a vital research component.

The task bars on the side frames of the NEST can accommodate plant holders, magazine racks and brochure stands. The NEST tables are specifically designed for laptops and have a small footprint. The NEST is a peaceful but productive space.
